

Saturn Eazyfile

Getting started

View getting started video here: <https://youtu.be/RJ19Wvfom-U>

Getting started is very easy. All you need to do is follow these 4 simple steps below or follow this link to watch our short Getting started video ...video link coming soon.....

1. When you receive your Eazyfile carefully remove it from the packaging, be sure not to damage the 2 spare file strips that come with this package.
2. You will require 2 x AA batteries and a small cross head screwdriver (we recommend that you use good quality batteries).
3. Remove the battery cover by unscrewing the cover screw anti clockwise. Fit the batteries ensuring the flat end of the battery meets with spring. Once the batteries are fitted and before you replace the battery cover, test the Eazyfile by activating the power button. Then carefully replace the battery cover and tighten the holding screw clockwise. CAUTION do not over tighten the battery cover screw.
4. Once you're happy with the Eazyfile you can scan your unique QR code to activate your 12 month manufactures warranty. You must scan this within 30 days from the date of purchase to activate this warranty.

IMPORTANT NOTICE, this is a hygiene product and can only be returned for a refund or replacement if it is either faulty or unused.

The Eazyfile should only be used for personal use and not shared by others, this is to prevent the risk of cross contamination I.E fungal infections etc.

ATTENTION: Please follow user instructions before use.
